

In a land far away,

It was a dark, dark, night. Suddenly

Not long ago, in the middle of the night,

One bright sunny morning,

One frosty winter's day,

One starry night,

One breezy day,

As the clock struck midnight,

As the sun began to go down,

wicked

spooky

grumpy

old

snarling

scary

forgetful

friendly

silly

glowering

fierce

gloomy

noisy

scaly

monstrous

cackled

snarled

screeeched

roared

bellowed

whined

flew

scampered

ran

crept

sneaked

floated

hovered

charged

loudly quietly

silently sadly

quickly slowly

beside the winding road.

underneath the jagged rock.

inside the dark and gloomy cave.

towards the rushing stream.

through the dark, scary forest.

next to the flowing river.

along the country lane.

in front of the closed door.

outside the strange castle.

underneath the old bridge.

on top of the tallest hill.
